21Halwood Rd,
Liverpool L25 3PH
Revised 16 Feb 1990
Revised 18 Dec 1990

Points identified by Dr. Reinhold Voll
*FJ Fox

N.B. Reactive points develop in the cheek where metals enter the tissue. Check for such along the upper and lower jaw, level with the gums.
FJ Fox

Disturbance or blockage of the flow of bioenergy along a meridian because of a disturbance or blockage in the corresponding organ and its function in the body may manifest itself by changes in the colour, texture, tone, or temperature of the skin in the face or neck; by the condition of the hair, including hair loss; by disturbance in sleep and emotions. Corresponding organs should be checked and corrected.
